Subject: Veasey v. Perry: Motion to Compel the Production of Documents

Elizabeth,

I called you earlier regarding the United States' privilege log but reached your voicemail. The deficiencies run throughout the entire privilege log. During our February 24, 2014 phone call, counsel for the Defendants reiterated that we have issues with the entire log; therefore, we will not identify specific log entries, by bates number, that we believe require supplementation to conform with the parties' Agreement Concerning Production Format as requested by your February 26 letter.

If we have not heard from you by 9:00 a.m. CDT on March 28, 2014, we will assume that the United States is resting on its current privilege log, and we be filing a Motion to Compel the production of documents delineated in Defendants' First and Second Requests for Production of Documents.

Regards,
David
